

REGIM-Lab. PhD STUDENT CHARTER

The present Charter defines the conditions of the progress for the doctoral thesis within REGIM-Lab. It specifies the agreement on the choice of the PhD project and the working conditions necessary for the advancement of research. It relies on the freely concluded agreement between the PhD student, his (her) supervisor(s) and the REGIM-Lab. director.

Being a member of REGIM-Lab. means a moral engagement and a social belonging governed by moralities. Members of the REGIM-Lab. take care to keep a good atmosphere and an international visibility based on excellence in scientific and socio-economic environments.

By signing the text of this charter, the PhD student is **committed** to:

- respect the Charter of the Graduate School;
- respect the values of *discipline, efficiency, passion, ethic, openness, team spirit, quest for excellence*;
- respect the *intellectual property* as well as the research *code of ethics*;
- devote at least 40 hours per week to work on the thesis, and this throughout its duration;
- prepare an "*annual PhD thesis progress report*" of approximately 30 pages before July 31st;
- prepare an "*annual activity report*" before July 31st;
- be an IEEE member of a society related to the thesis project;
- have an email address of the *firstname.lastname@ieee.org* type;
- have a web account continuously updated in the REGIM-Lab. platform obligatory including the photo, CV and publications;
- write in English the presentations, reports, publications, thesis, etc. ;
- demonstrate a good English level that must be proved by an international English test (TOEFL, TOEIC, etc.) of at least 75% of max score, and this before July 31st of the first PhD year;
- respect all the instructions of assiduity, safety and discipline in the laboratory;
- participate in all REGIM-Lab. activities, and in particular WIMTAs workshops and seminars;
- communicate regularly with his (her) supervisor(s), and this by sending at least a weekly email summarizing his (her) activities and by at least one monthly face-to-face meeting;
- make at least one training in another national or international laboratory;
- participate in all calls for national and international scholarships that are recommended by the supervisor;
- prior written consent of his (her) supervisor(s) prior to submission to a conference or a journal;
- annually publish his (her) research in national and international indexed conferences (ISI Thomson, SCOPUS or DBLP), with at least 1 conference of rank A;
- present any accepted paper in a national or international conference;
- publish at least 1 paper in an indexed journal (ISI Thomson, SCOPUS or DBLP) to defend his (her) PhD thesis;
- submit at least 1 national patent and at least 1 paper in an indexed journal (ISI Thomson, SCOPUS or DBLP) to defend his (her) PhD thesis.

Note: Failure to meet the terms of this charter will be examined by the REGIM-Lab. council.
