

**The IEEE Computer Society Tunisia Chapter  
is inviting all interested IEEE members and researchers  
to seminars presented by**

# Ajith Abraham

- Research Professor at the Technical University of Ostrava, Czech Republic
- Director of Machine Intelligence Research Labs (MIR Labs), Scientific Network for Innovation and Research Excellence
- More than 20 years in the industry and academia
- He works in a multidisciplinary environment involving machine intelligence, network security, various aspects of networks, e-commerce, Web intelligence, Web services, computational grids, data mining and their applications to various real-world problems
- More than 50 conference plenary lectures/tutorials and invited seminars/lectures in over 50 Universities around the globe
- He serves/has served the editorial board of over 50 International journals and has also guest edited 40 special issues on various topics
- More than 700 publications
- H-Index = 32 (as of march 2011)

**September 23, 2011: Amphi 5, ENIS**

3:00-4:15pm.: *Combating Terrorism: Soft Computing Technologies and Challenges*

4:45-6:00pm.: *Evolving Smart Information Systems*

**September 24, 2011: Amphi 6, ENIS**

9:00-10:15am.: *Nature Inspired Intelligent Systems*

10:45-12:00am.: *Nature Inspired Heuristics: Quo Vadis*

**Place:** National Engineering School of Sfax (ENIS), Tunisia

**IEEE  
Distinguished  
Lecturer!**

**WELCOME!**
