

**The Tunisian Chapters of
IEEE Computer Society
IEEE Systems Man and Cybernetics Society**
are inviting all interested IEEE members, students, and researchers
to Distinguished Lectures presented by

Prof. Ajith Abraham

- Director of Machine Intelligence Research Labs (MIR Labs), USA
- Works in a multidisciplinary environment involving machine intelligence, network security, various aspects of networks, e-commerce, Web intelligence, Web services, computational grids, data mining, and their applications to various real-world problems
- Chair of IEEE Systems Man and Cybernetics Society Technical Committee on Soft Computing
- Founder of several IEEE sponsored conferences

Prof. Imre J. Rudas

- President of Óbuda University, Hungary
- IEEE Fellow Member, member of IEEE Board of Directors RAB
- Works on Computational Cybernetics, Intelligent Robotics with special emphasis on Robot Control, Soft Computing, Computed-aided Process Planning, Fuzzy Control and Fuzzy Sets
- Treasurer of the International Fuzzy System Association
- Vice-President of IEEE Industrial Electronics Society in 2000-2001
- Chair of IEEE Hungary Section for the period 2008-1012

Date & Time: Tuesday 3 December 2013, 3:00pm

Place: ESSTT / ENSIT (Avenue Taha Hussein, near to Bab Alioua metro station - line 1, Tunis)

Talks:

- *“Information Aggregation in Intelligent Systems”*, by Imre J. Rudas
- *“Data + Evolving Representations = Intelligent Information Systems”*, by Ajith Abraham

Free access! Feel free to invite your colleagues.
