

The IEEE Engineering in Medicine & Biology Society Tunisia Chapter
is inviting all interested IEEE members and researchers
to seminars presented by

Prof. Philippe Leray

- Professor in Computer Science Engineering Department, Polytech'Nantes, Université de Nantes, France
- Head of Knowledge and Decision research group
- Co-author of Bayesian network book (Eyrolles Ed.)
- Research interests:
 - Probabilistic graphical model
 - Bayesian network structure learning
 - Causal discovery
 - Density estimation
 - Graphical duration models
 - Bridges with other Knowledge based systems : ontology, BRMS, ...
 - Applications to complex system modelling
 - Security and intrusion detecton
 - Bio-informatics regional project BIL, Bio-Informatique Ligérienne
 - Security and Transportation
 - Industrial risk management
